

# Spalding's Catchfly

*Silene spaldingii*

## Recovery Plan

E. Poor, 2018

Wednesday, April 24th, 7 PM  
1912 Center, Great Room  
412 East Third St., Moscow, Idaho

E. Poor, 2016

Mike Hays, Botanist with the Nez Perce-Clearwater National Forest will present to the public the recovery plan for protected species, Spalding's catchfly (*Silene spaldingii*). He will discuss his efforts to improve habitat for the species, new populations he and his crew discovered in Hell's Canyon last year, and volunteer opportunities for those who would like to help. All are welcome to attend!

Sponsored by the Idaho Native Plant Society, White Pine Chapter  
and the Palouse Prairie Foundation
