

**Clarkia**

**Paleobotany**

**Thursday, March 11, 7 pm**

**1912 Center Fiske Room**

**412 East Third Street, Moscow**

**Bill Rember**

**UI Affiliate Assistant Professor of Geological Sciences  
and Director of the Tertiary Research Center**

**Dr. Rember will  
discuss plant fossils  
deposited in Miocene  
lake sediments near  
Clarkia about 15  
million years ago.**

**Deep, cold, anoxic  
conditions & later tectonic  
stability resulted in  
excellent preservation of  
the original colors &  
structures of local biota.**

*Metasequoia*

**Sponsored by the Idaho Native Plant Society White Pine Chapter  
& the Palouse Prairie Foundation**
