

Identification of Native Wetland Species of North Idaho

Derek Antonelli

Botanist and President of the Idaho Native Plant Society, Calypso Chapter

Presentation: Derek Antonelli is a well-known botanist in North Idaho. He is also the President of Calypso Chapter in Coeur d'Alene, and he is the Lead for the North Idaho Rare Plant Working Group. He will present a program on identification of north Idaho wetland plants, including several willows and the rare water howellia (*Howellia aquatilis*).

7:00 pm PDT, Thursday October 17, 2024

**Join us in the Lecompte Auditorium on the 2nd floor of the
1912 Center in Moscow, Idaho**

Sponsored by the Idaho Native Plant Society White Pine Chapter
