

# THE GOOD, THE BAD AND THE UGLY Poisonous Plants & Invasive Ornamentals

Dr. Steve Bunting, Professor Emeritus  
College of Natural Resources, University of Idaho

February 20, 2020 7 pm  
1912 Center Great Room  
412 E. Third St.  
Moscow, Idaho

*Dactylis glomerata*  
orchard grass

*Bryonia alba*  
white bryony

Introduced non-native plants have dramatically affected our natural ecosystems, reducing diversity and threatening many native plants. Steve will discuss some of the causes for and suggested solutions to the problem of the importation of non-native species that could become invasive.

*Leucanthemum vulgare*  
oxeye daisy

Sponsored by the  
White Pine Chapter  
Idaho Native Plant Society

Program is Free  
Open to the Public
