

Idaho Peatlands

Presentation by Aquatic Ecologist Fred Rabe

Robert Moseley photo

Thursday, May 13, 7 pm

1912 Center Fiske Room, 412 East Third Street, Moscow

University of Idaho Professor Emeritus Dr. Rabe

will offer slides & descriptions of northern Rocky Mountain peatlands, their formation, hydrology, vascular & non-vascular flora, invertebrates, & classification of aquatic & semi-aquatic zones.

His talk also serves as a primer for summer field workshops at 49 Meadows on June 26 & 27 & at Hager Lake on July 10 & 11.

Visit www.whitepineinps.org for more information

Co-sponsored by the Idaho Native Plant Society White Pine Chapter
& Friends of the Clearwater
