

Square Mountain Research Natural Area

Rare Subalpine Plants in the Gospel Hump Wilderness

Forest Service botanist Mike Hays will lead explorations of brilliant high mountain wildflowers, including Idaho Douglasia, along the geologic transition zone of the Clearwater/Salmon divide. Observe diverse forbs & find mountain lady-slipper orchids in nearby subalpine parklands & moist meadow & grassland communities.

Saturday, July 31

7 am to 7 pm

**Moscow Carpool from
Eastside Marketplace**

Visit www.whitepineinps.org for field trip information

Hosted by the Idaho Native Plant Society White Pine Chapter
