

Turnbull National Wildlife Refuge

Rare Channeled Scabland Native Plants near Cheney, WA

Saturday, May 22, 8 am to 5 pm

Carpool from Rosauers, 411 North Main Street, Moscow

With refuge biologist **Mike Rule** at the spring bloom peak, explore mima mound prairies & vernal pools with rare orchids & threatened species.

Observe abundant wildlife & vegetation along short trails & boardwalks among the wetlands, grasslands, & forests of an ecological transition zone formed by volcanism, glaciation, & the largest-ever ice age floods.

Visit www.whitepineinps.org for field trip information

Hosted by the Idaho Native Plant Society White Pine Chapter
